"May your troubles be less and your blessings be more, may nothing but happiness come through your door."

(Irish Blessing)

Paint this little fellow with or without the cheek line He looks a bit younger without it, and a bit older with it. :)

PALETTE - Deco Art Americana Acrylics: Bleached Sand, Lamp Black, Hauser Light Green, Plantation Pine, Raspberry, Burgundy Wine, Spicy Mustard, Dusty Rose, Burnt Orange, Burnt Sienna, Royal Purple, Turquoise Blue. (Opt: DA Glamour Dust Glitter Paint: Sizzling Red, Limeade, Emerald, Purple Passion, Tiger Orange, Turquoise Sparkle).

BRUSHES - Jo Sonja Sure Touch: Flats 10, 8; Oval Dry (ODB) 6; Filberts 6; Rounds 1, Liners 18/0; LC Maxine Mop 1/2; Stylus.

SURFACE: 012-22, Leprechaun Pin, Valhalla Laser (541) 860-5551; www.valhallalaser.com;

INSTRUCTIONS: 1-Prep: Seal if desired (*I don't when using our etched MDF surface*).

2-Initial BASECOAT: Fill in the face with Dusty Rose; the beard has a medium wash of Burnt Sienna. The hat (entirely) is filled in with Lamp Black; the 4-leaf clover is based in Hauser Light Green, tip in Bleached Sand and brush blend; apply the pattern when dry.

3-HAT STRIPES: The rainbow stripes are based in the given color, but all are tipped into Bleached Sand and brush blended (rough blend, casual! no stress...). Yellow stripe: Spicy Mustard; orange stripe: Burnt Orange; red stripe: Burgundy Wine; purple stripe: Royal Purple; blue stripe: Turquoise Blue; green stripe: Hauser Light Green. When dry, shade around the clover with Lamp Black (over the stripes, softly!).

4-HAT: Line through the open areas with a brush blend of Lamp Black + Bleached Sand (makes a grey). Float the highlights with Bleached Sand (soft!).

5- 4 Leaf CLOVER: Shade the clover with Plantation Pine; highlight with a brush blend of Hauser Light Green + Bleached Sand; further brighten with Bleached Sand. Tint on the right side with a float of Turquoise Blue, float on the bottom petals with Burnt Orange (pretty!). The vein lines & stem and are stroked on using Hauser Light Green tipped in Bleached Sand.

6-FACE: Shade with a brush mix of Dusty Rose + Burnt Sienna; deepen floats with Burnt Sienna, highlight with Bleached Sand. The stylus dot eyes, the mouth lines, lashes and brows are Lamp Black; highlight with Bleached Sand. The nose is filled in with Raspberry; shade with Burgundy Wine, highlight with Bleached Sand. Float Raspberry on the lower lip; scrub cheeks with Raspberry, 6 ODB.

7-BEARD and HAIR: Use the 1 round loaded in Burnt Sienna and pull through thin Dusty Rose, stroke the beard and hair. Further refine, by moving to the 18/0 liner and the same colors, gradually increase the lightness by pulling through Bleached Sand. Shade through the beard, under hat and all around edges with soft side-loads of Burnt Sienna.

FINISHING: Erase any remaining graphite. Varnish as desired. If you would like to add sparkle to the pin; use the DA Glitter Paint! *I used Sizzling Red on red stripe; Emerald on the dark areas of the petals; Limeade on the lighter green areas of the petals and on the green stripe; use Purple Passion on the purple stripe; use Tiger Orange on the yellow and orange stripe and through the beard; use Turquoise Blue on the blue stripe.*

Enjoy! ~Jamie
